Freemasonry in England.

Queen Victoria received the Grand Lodge of the Freemasons, under the Presidency of the Grand Master, His Royal Highness the Prince of Wales, at Buckingham Palace, in state, on May 5th, when an address was offered congratulating Her Majesty on her escape from assassination by a lunatic at Windsor recently. This occasion afforded the Court Circular an opportunity of paying the Order the following interesting tribute:

"The Freemasons of England, Scotland and Ireland are distinctly non-political; no discussion of controversial matters in religion or politics is permitted either at the meeting of a lodge or at the subsequent banquet. In France and Italy there can be no doubt that Masonry has been led away from its original aims and objects and used for the purpose of forwarding plots and plans. In the British dominions this has never been the case, nor even in Ireland has there ever been an attempt made to turn the friendship which should exist among Masons to other and baser purposes. In Germany, Norway, Sweden and Denmark, in the same way as here, no political significance is attached to the gatherings of Freemasons."

"The progress which the fraternity made in England since the commencement of the present century is truly astounding. In or about the year 1860 there were between fifty and sixty lodges which acknowledged the jurisdiction of the Grand Master of England, and they numbered at most some fifteen hundred brethren. At the present time there are under the rule of His Royal Highness the Prince of Wales, Grand Master of England, no less than 2,000 lodges, which in all number about 130,000 to 140,000 members. Besides these there are the Grand Lodges of Scotland and Ireland, which, though closely akin to that of England, yet have separate rulers. They have also enormously increased in numbers and power since the commencement of the nineteenth century."

A Remarkable Traveler.

Christian F. Schafer, an eccentric German traveler, died recently in the Callan Park Asylum, at Sydney, Australia. Notwithstanding a weak constitution and the malformation of his spine, he always had a strong desire for traveling. His ambition was to visit every country, civilized and uncivilized, and he traveled through France, Spain, Italy, Turkey, the Holy Land, China, Japan, America, New Zealand and Australia. The largest portions of his journeys were performed on foot, and he boasted that he had walked nearly 150,000 miles. From eminent personages he collected a large number of autographs, which he used to be extremely proud of, and took them with him wherever he went. Traveling without money, he relied for assistance upon charitable persons he met on his way.

The Enterprise has secured from Superintendent Boyle the ice helmet and knapsack worn by the brave Jack Van Dusen in his memorable march through the flooded drift to rescue the seven imprisoned men in the Alta mine, and calls for it to be filled with silver for Nellie Lyons, the orphan niece of Dennis Callahan, the fund to be named the "Silver Knapsack Fund." The Chronicle has also been collecting a fund for the same worthy object. This charitable purpose should be attended to by the people of the Comstock and the State. Nevada has always been able to contribute something for every appeal that came from abroad, and now that there is an especially deserving case at home it should receive our aid to the exclusion of outside charities.

The good work of obliterating the old sectional line which so long divided North and South goes steadily forward. The Northern and Southern branches of the Presbyterian Church which became very bitter against each other in the old slavery days, have just taken steps at their respective councils in Springfield, Ill., and Atlanta, Ga., towards wiping out the old scores and uniting forces in the near future. Every such movement is to be heartily welcomed as tending to strengthen the bonds which are now year by year drawing more closely together in a common country the once warring sections.

The Denver Exposition buildings are now so well advanced in construction that there is little doubt that the Exposition will open on the 1st of August. All the Western States and Territories will be fully represented. Space has also been applied for by Mexico, British North America and Australia.

It is said by parties in a good position to know that the President is not entirely in accord with Cameron's course in Pennsylvania, and a fresh attempt will be made to bring about an adjustment of the difficulty; possibly by a new convention later in the season.

Senator Jos. T. Williams visited Belmont this week. He informed us that he is not a candidate for Governor of Nevada.—[Belmont Courier.]

LAND LAWS.

We are constantly in receipt of letters of inquiry concerning the laws governing agricultural and mineral locations. In brief the essential laws are as follows:

PRE-EMPTION.

A citizen of the United States, or one who has declared his intention to become such, and is over twenty-one years old (man or woman), may secure a tract of 160 acres of land by pre-emption, and have one year in which to make payment. To effect this he must settle upon the land, and within thirty days thereafter file a statement at the local Land Office that he intends to purchase it, paying a fee of two dollars. Before the year expires he must prove his occupation and improvement of the land, and pay therefore \$2 50 per acre if within railroad limits, or \$1 25 per acre if outside such limits, or six miles from the railroad. If the land has not been offered at public sale he has three months in which to file his pre-emption statement, and two and a half years in which to make final proof and payment.

HOMESTEAD.

Any person, man or woman, who is or has declared his intention to become a citizen, may obtain a homestead of 160 acres of any Government land by filing at the local Land Office an application describing the land, and an affidavit affirming that he is or intends to become a citizen, and wants the land for his own residence and that of his family. He must then pay a fee and commission amounting to \$18. After five years' residence on the land and reasonable improvement therewof, or within two years thereafter, he must prove such residence and improvement to the local Land Officers, and pay a further commission of \$4 and charges for drawing up papers, say \$2 25 when he will obtain a complete title.

TIMBER CULTURE.

Any person who is entitled to pre-empt or homestead land, may acquire 160 acres under the timber culture law. In this case he proceeds just as in taking a homestead, the costs being about \$14. Within one year after making the claim he must plow five acres, cultivate it the second year and plant it in trees (not less than 2,700 to the acre) the third year. The second year he must plow another five acres, cultivate it the third year, and plant it in trees the fourth year—2,700 to the acre. Eight years after filing application, upon proving that there are at least 675 thrifty trees on each acre on ten acres of the tract, he becomes entitled to the land on payment of further sum of \$4 and charges for drawing papers.

Forty, eighty and 120 acres of land may be required under any of these processes, but the cost of taking less than 160 acre claims is not correspondingly less, and hence the maximum quantity is usually taken. In all cases, in the event of the death of the claimant before the title to the land is perfected, his heirs may consummate it.

MINING CLAIMS.

All valuable mineral deposits belonging to the United States, both surveyed and unsurveyed, are hereby declared to be free and open to exploration and purchase, and the lands in which they are found to occupation and purchase, by citizens of the United States and those who have declared their intention to become such, under regulations prescribed by law, and according to the local customs and rules of miners in the several mining districts, so far as the same are applicable and not inconsistent with the laws of the United States.

LODGE CLAIMS.

Mining claims upon veins or lodes of quartz or other rock in place, bearing

gold, silver, cinnabar, lead, tin, copper or other valuable deposits heretofore located, shall be governed as to length along the vein or lode by the customs, regulations and law in force at the date of their location. A mining claim located after the 10th day of May, 1872, whether located by one or more persons, may equal, but shall not exceed 1,500 feet in length along the vein or lode; but no location of a mining claim shall be made until the discovery of the vein or lode within the limits of the claim located. No claim shall extend more than 300 feet on each side of the middle of the vein at the surface, nor shall any claim be limited by any mining regulation to less than twenty-five feet on each side of the middle of the vein at the surface, except where adverse rights existing on the 10th day of May, 1872, render such limitation necessary. The end lines of each claim shall be parallel to each other.

PLACER CLAIMS.

Claims usually called "placers," including all forms of deposits, excepting veins of quartz of other rock in place, shall be subject to entry and patent, under like circumstances and conditions, and upon similar proceedings, as are provided for vein or lode claims; but where the lands have been previously surveyed by the United States, the entry in its exterior limits shall conform to the legal subdivisions of the public lands.

Philip Linkenback comes out in the Belmont Courier as a candidate for the office of Sheriff of Nye county, subject to the decision of the Democratic County Convention.

DAILY NEVADA STATE JOURNAL

THURSDAY JUNE 16, 1882.

PRICE OF DAILY JOURNAL,
12½ CENTS PER WEEK.

TOWN AND COUNTY.

THE ALTAR.

GILLISPIE—FINLAYSON—In Reno, June 14, 1882, at the residence of the bride's mother, Rev. A. B. Palmer, Mr. M. M. Gillispe, Bodie, to Miss Christina Finlayson, of Reno.

The Carson Bee has resumed.

The alfalfa fields are a pretty sight.

Mrs. B. B. Norton is in from Bodie.

John W. Mackay and family arrived in New York Monday evening.

Mr. Daggett has signified his acceptance of the Hawaiian Mission.

"Judge" Wm. H. Hoover, a Reno print, is now at Fort Worth, Texas.

Apply to Willie Henley if you want a ticket to the Turn Verein picnic next Sunday.

The Tuscarora Times-Review has resumed publication as a daily. Glad to note its prosperity.

"Maggie C." is in training at Salt Lake for the races to come off there the latter part of this month.

Judge W. H. Davenport, of Eureka, was in town yesterday. He visited the Asylum and was delighted with what he saw.

In addition to the other exercises Mrs. A. B. Marshall will read the poem "The Throbbing of Liberty," on the 4th of July.

The Catholics are holding a series of meetings this week. The speaker is a fine orator, and is drawing good audiences.

M. Raphael has been notified of a wonderful rich strike in his mine at Grantsville. The foreman estimates at least \$250,000 in sight.

Bob Lamb, John Devoy and Johnny Dixon left yesterday for Emigrant Gap, with their teams, to spend the summer in the logging camps.

Sam Hilliard is back from Mexico. That country is too hot for him. Reno climate and Reno people are far more to his taste, and he will remain here. Glad to have him home again.

There was some pretty close bidding as to Asylum supplies. Lindley's bid was \$6 per month lower than Harris Bros., of Carson, and \$10 per month lower than Manning & Berry's.

The Bieber Tribune, June 10th, has this: "The Bobby McGinley Combination Company gave one of their popular entertainments here last Saturday evening, introducing entirely new business—in which Bobby, Eva and Raynor were supremely happy, and the audience were, as usual, well pleased. They "rested" Sunday, and gave another performance Monday evening with an entire change of programme, to a crowded house. They will return here on the fourth, assist in the celebration exercises, and give an entertainment in the evening."

"Our Goblins."

The Elko Independent says "the entertainment given at Freeman Hall on Saturday evening by Mitchell's Pleasure Party gave universal satisfaction, and those who stayed away missed a treat, such as the good people of Elko seldom have an opportunity of witnessing. The piece is a medley, a genuine musical absurdity, and the sudden transition from grave to gay, from the sublime to the ridiculous is at once striking and novel. If to create unbounded merriment and put every one in excellent humor is the height of dramatic excellence, "Our Goblins" occupies an exalted station, and those who wish to "laugh and grow fat" should not fail to witness its rendition."

Advertising Medium.

The advertising columns of the JOURNAL afford an excellent opportunity to our readers to study out where purchases of all kinds can be made on the most advantageous terms. All classes of goods can there be found advertised from a suit of clothes or nice silk dress to the daintiest ornament in the jewelry line. The JOURNAL reaches nearly every family as well as business house in the county, and, therefore, advertisers seek its columns that the public may know what they have for sale.

THE WEEKLY JOURNAL

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 25¢ per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the country. Those desiring to subscribe to the WEEKLY JOURNAL will please call at the publication office.

THE NORTHERN MAIL. Protest and Petitions of Surprise Valley People.

The citizens of Surprise Valley are still protesting against the cutting off of the daily mail from Reno to Fort Bidwell. The following is a copy of a petition which has been circulated in Eagleville, Lake City, Cedarville and Fort Bidwell, and signed by nearly every person who receives mail matter in those places. The document is a forcible presentation of the merits of the case:

We the undersigned citizens of Surprise Valley, California, learn with deep concern of the decision of the Post Office Department, to deprive us of our present mail facilities, and to substitute therefore a service which is entirely inadequate to the wants of an important and growing region.

We are confident that the Department has not been correctly informed as to the number of people to be supplied, the commercial importance of our valley, or the nature of the service which it proposes to give us after July next. We therefore, beg leave, respectfully, to briefly set forth a few facts.

Surprise Valley contains two-thirds of the taxable property of Modoc County, and is separated from the other parts of the county by the Warner Range of mountains and has very little business with other parts of the county. But its surplus produce is sold at Reno and Virginia, hence the importance of rapid communication with those points. The route by which the mail is now carried is the only one which will furnish us with regular mail facilities it being open at all seasons of the year for travel while the route by Redding crosses two snowy ranges of mountains, and in winter is rendered impassable for weeks and even months at times. A daily service is the least that should be furnished us. The service proposed six times per week via Redding and Alturas is so slow as practically to leave us but the weekly service from Reno to Cedarville; with the delay going to Sacramento, delay at Redding, delay at Alturas, and again at Cedarville, it will take a letter to go around from Reno to the town in Surprise Valley and vice versa in return a week or more.

The merchants of the few towns of the valley have business also in San Francisco, which business must inevitably be greatly injured if their San Francisco correspondence must be carried on by the Redding and Alturas route; office hours are over in San Francisco in time for letters to leave each day on overland train at 3:30 P.M.; that train reaches Reno at 6 A.M. next morning and the stage leaves for Willow Ranch on its arrival; the same letters would not leave San Francisco for Redding till 8 o'clock A.M. or two hours after leaving Reno.

They will remain in Redding from 11 P.M. till next morning at 4 A.M. a delay of 5 hours; again at Alturas from 12 o'clock M. or 2 P.M., at latest, till 5 A.M. next day, at the least 15 hours delay. Add the difference in starting 16 hours to the delays of 20 hours and you have 36 hours delay of our mail.

The mail is carried regularly from Reno to Fort Bidwell, the most remote town of the valley, in 36 hours, except in seasons of bad roads.

Warner Valley, Oregon, and Coleman Valley, Nevada, are supplied from Fort Bidwell office and some 15 or more points off the route from Reno to Willow Ranch are supplied from offices on the route. Owing to the presence of the Garrison at Fort Bidwell, the mail of that place is much larger than that of any place north of Redding or Reno, on either of the routes in question, and should be carried over the most expeditious route. There is no word in the above but what we each and every one of us vouch for, and should any part of it conflict with information furnished the Department from any source whatever, we must still insist on the truth of our assertions.

Asylum Appointments.

Supt. Dawson has made the following appointments, to take effect July 1st. Supervisor, C. B. Martin, of Wadsworth; Steward, Ass't Dawson, Reno; Matron, Mrs. M. A. Walker, Virginia; Engineer, C. W. Eaton, Reno; Carpenter, A. H. Tufts, Dayton; Chief Cook, Chas. T. Legate; Baker, John Zimmerman, Virginia; Watchman, Henry Johnson, Reno (for years clerk with Schooling et al.). He has appointed attendants as follows: W. J. Cooley, George Simpson, J. H. Cauglin and Mrs. N. W. Egar, Reno; — Mingay and Miss Maud Crawford, Carson, and A. O. Levigne, Virginia.

Governor Kinkead Accepts.

Governor J. H. Kinkead has accepted the invitation of the citizens to visit Reno on the Fourth of July and join our people in celebrating that day. The Governor will come accompanied by his staff officers if possible.

Abrahams Bros. propose to sell goods from now until July 4th at bed-rock prices. All who have a desire to dress well can find the finest stock in the State to select from. Read their new ad, call and buy a suit, for you look shabby.

Tom Barnett intends to give the people a benefit, no more nor less than a grand clearance sale of his immense stock of boots and shoes, furnishing goods, etc. The sale will commence on the 4th of June and continue ninety days.

A COUGH, COOLD OR SORE THROAT should be stopped. Neglect frequently results in an incurable Lung Disease or Consumption. BROWN'S BRONCHIAL TROCHES do not damage the stomach like cough syrups and balsams, but act directly on the inflamed parts, alleviating irritation, give relief in Asthma, Bronchitis, Coughs, Catarrh, and the Throat Troubles which Singers and Public Speakers are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always gives perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25¢ a box everywhere.
